MOTION BY SUPERVISOR ZEV YAROSLAVSKY

APRIL 12, 2005

I MOVE THAT the Director of DHS report to the Board of Supervisors on or before May 10 on the following:

1. In the Director's judgment, is the current pace of reform at King Drew Medical Center (KDMC) satisfactory?
2. In the Director's judgment, what objective criteria would constitute an acceptable pace of reform at KDMC?
3. How long does the Director believe it is prudent to wait until these criteria are met while pursuing the County's current strategy at KDMC (i.e. reforming and restructuring the hospital while continuing to operate it in its current configuration)?
4. Development of alternatives to the current strategy to insure that the clientele of KDMC receive competent and quality emergency and hospital care?
